GOV. STONE MEETS LEADERS OF MINERS

A Harrisburg Conference FEARS THAT MOB WILL Held Between Midnight and Dawn,

SETTLEMENT MAY COME

General Belief That Governor Has Pledge From Mr. Morgan.

CAUSE FOR ENCOURAGEMENT

Mr. Mitchell Said to Have Inkling of men in this section, and both he and his Operators' Proposition and to Look wife were highly respected.

HARRISBURG, Pa., Sept. 12 .- It is the fervent hope of Gov. William Stone that the conference which is to be held at and dawn with certain gentlmen whom he has invited to meet will possibly end in a settlement of the coal strike.

He expects to meet P. A. B. Widener of Philadelphia; John Mitchell, president of the United Mine Workers, who was in Philadelphia today; Senator William Flinn, of Pittsburg, who left for Harrisburg at 4 o'clock this afternoon with M. E. McMullin, head of the American Window Glass Trust, and a prominent capitalist, and several officials of the mine workers, who will accompany Mr.

Attorney General Absent.

It was also expected that Attorney General Elkin would be here, but he telegraphed that he could not come,

Governor Stone has been exceedingly reticent regarding the conference, but he earnestly hopes that the strike may be settled through the talk at the man-sion tonight. It is expected that the conference will end before 3 o'clock, so that Mr. Mitchell and his associates, Mesers. Fahey and Nichols, may be able

Mesers. Fahey and Nichols, may be able to return to Wilkesbarre on the train leaving here at 4 o'clock.

The utmost secrecy is observed by Governor Stone respecting the propositions which will be made, and he declines even to intimate what is the nature of the suggestions which may be made looking toward an adjustment of the trouble. He is hopeful, however, that something tangible may result from the meeting.

Change of Program.

nce was to have been held tomorrow at noon, but the presence of Mitchell in Philadelphia today caused a change of program to accom modate the strike leaders.

There is a strong suspicion here which Governor Stone will neither confirm nor set at rest by any positive ledge at the New York conference with Mr. Morgan and others which encouraged him to call the leaders of the miners into conference. It is believed that Mr. Mitchell has been given a hint of the nature of the proposition which will be submitted to him, and that he is not averse to coming here to go over the situation with the governor and those who are acting with him in an ef-fort to secure peace in the anthracite re-

Accompanied by Presidents.

Mr. Mitcheil will be accompanied by dicitis. three district presidents, Messrs. Fahey, Nichols, and Duffy, and while the operators have no direct representative, they have authorized Senator Flinn and those who were with him at the New York conference to act for them.

It is not absolutely certain that Mr.

Widener will be here, but Governor Stone is expecting him. The trains upon hich Flinn and McMullin and the Phila delphia contingent are speeding toward Harrisburg are all due here about 1 ally denounced by the unprogressive cito'clock, and the chances are that the izens of Washington. HELD WITHOUT TRIAL.

Investigation Into Manila Jail Affairs Causes a Mild Scandal.

MANILA, Sept. 12 .- An investigation into the manner in which the jail here has been conducted has resulted in a mild sensation. It was found that many prisoners had been held for weeks without ever being arraigned for trial. Governor Taft ordered the release of these men, and instructed the jail officials to strictly observe the law in the future.

The law provides for only a day's de tention without arraignment. Ten prisoners were released today, but were immediately rearrested. They will be arraigned in court tomorrow, according to the law. Judge Ambler and a constabulary official are said to be re-sponsible for the illegal detention of

THE SITUATION REMAINS SERIOUS

Commander Potter Cables That Rebels Are Near Railway.

MARINE FORCE GATHERS

Men Held at Leagne Island, Ready to Embark on the Panther Should Commander McLean Ask for More Men-Treaty Obligations to Be Upheld.

Late advices received at the Navy Department indicate a continuance of he serious situation on the Isthmus of

Vigorous efforts are being made by the Navy Department to furnish all needful protection to American interests in Colombia and to keep the transit across the isthmus open. The two warships, Wisconsin and Cincinnati, have already started for the scene of the trouble. Rear Admiral Casey, commanding the Pacific station, is on the terday for San Francisco, and after coaling there will proceed quickly to Panama

Will Reach Colon Sunday.

Commander T. C. McLean left Cape Haltien yesterday morning on the Cincinnati, and will reach Colon not later than Sunday. That the steps taken by Secretary Moody yesterday were none too soon is shown by the news received vesterday from Commander Potter, of he gunboat Ranger, which is now the only United States naval vessel in Co-

receipt of the Navy Department's mes-sage of Thursday informing him of the orders to the Wisconsin and Cincinnati, and added: "Revolutionists near railroad line. ituation serious. Transit across

ombian waters.

Situation serious. Transit across isthmus still open."

This convinced the officials here that more warships are needed at Panama and Colon, and that only a strong force will be able to effectually control the situation in case traffic on the is/hmus

STRANGE SCENE AT A HANGING League Island, to be ready to embark without delay on the Panther and sail for Colon. The Panther arrived as League Island yesterday afternoon, and

is now awaiting further instructions from the Secretary of the Navy. Not Ordered to Sail. The marine force will number about 380 men, and will be commanded by Lieut, Col. B. R. Kussell. Positive orders for the sending of the marines have not yet been issued, and propably will not be unless Captain McLeau, of the Cincin-

nati, reports on his arrival at Colon that they will be needed. In the meantime they will be held in readiness, and the Panther will remain at League Island for the purpose of con-

eying them to Colon. At both the State and Navy Departments officials say that the only two considerations which have actuated the sending of additional ships and men to the isthmus are the protection of American citizens and the enforcement of our treaty with Colombia that traffic across world. Many officers think that too strong a force is being sent to the scene of the trouble, but those in authority desire this country to be represented
